## HIDDEN TREASURES // SEPTEMBER 2018

This eco-friendly home in North Yarmouth was intended to blend seamlessly into the native trees. "Our whole approach was to minimize the disruption to the existing landscape," says architect Harry Hepburn of Briburn. "Our focus was on using natural materials and earth tones to give the house a strong connection to the outdoors."

**ARCHITECT:** Briburn

**BUILDER:** Taggart Construction

**LANDSCAPE ARCHITECT:** Soren deNiord Design Studio

**PHOTOGRAPHY:** Irvin Serrano
